End Application:

Module and power supply

Product Name:

Digital input module for compact field point and field point

Special Features:

16 input channels; 18 to 30vdc; sinking input type; 24 vdc sourcing devices; 1khz allchannel update rate; weighs 100n grams; 325mw power requirement fromnetwork module; minus 40 to plus 70 degree celsius operating temperature; minus 55 to plus 85 degrees celsius storage temperature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
