Overall Length:

9.500 inches

Overall Width:

7.500 inches

End Application:

F/a-18e/f pse: gsu test set

Product Name:

Component layout-board, dmn switching

Special Features:

Nha test set electronic power; test point unit; material glass epoxy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A500n0
