End Application:

Cp-2629/tyq-224

Product Name:

Gpib interface for pci mezzanine bus

Special Features:

IEEE 488 compatibility IEEE 488.1 and IEEE 488.2 compatible. IEEE 488 bus transfer rate for IEEE 488 interlocked handshake 1.5 Mbytes/s IEEE. For IEEE 488 non-interlocked (HS488) handshake 7.7 Mbytes. Actual rates depend on system configuration and instrument capabilities. Power requirement plus 5 VDC 600 mA typical. Physical dimensions 7.4 by 14.9 cm, 2.9 by 5.9 in. I/O connector micro D-sub 25 pin operating environment ambient temperature 0 to 55 degrees Celsius relative humidity type 10 to 90 percent. Noncondensing storage environment ambient temperature minus 20 to 70 degrees Celsius relative humidity type 5 to 95 percent, noncondensing

Shelf Life:

N/A

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
