Product Name:

High-density packet voice digital signal processo (dsp) module

Special Features:

Texas instruments tnetv2505ggw dsp; 175.0 megahertz clock speed; external memory 128.0 megabit synchronous dynamic ram; 80-pinn simm interface; 8-channel packet fax/voice dsp module

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
