**Product Name:**

High-density packet voice digital signal processso (dsp) module

**Special Features:**

Texas instruments tnetv2505ggw dsp; 175.0 megahertz clock speed; external memory 128.0 megabit synchronous dynamic ram; 80-pinn simm interface; 8-channel packet fax/voice dsp module

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
