Overall Length:

5.807 inches

Overall Height:

0.530 inches

Overall Width:

2.910 inches

Product Name:

Four-channel 16-bit high speed analog output pmc board

Special Features:

Ruggedized; 10 volts; no output filter; no custom frequencies

Functional Description:

Provides precision high speed analog output capability to pmc host

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
