Product Name:

High-speed multifunction data acquisition

Special Features:

16 analog inputs; 16-bit analog input/output resolution; 2 analog outputs; 2.8 ms/s output rate; 24 digital i/o's; 7 programmable input ranges; up to 48 ttl/cmos digital i/o line; two 32-bit, 80mhz counter/timers; analog and digital triggering; 6 dma channels

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
