Product Name:

128-cross point matrix switch

Special Features:

1 amp switching/2 amp carry; 150vdc or 150 rms capacity; 4 x 32 and 8 x16 2-wire matrix configurations; multi-module synchronization with hardware triggers; high-density, high-voltage analog input on signal routing applications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
