Overall Length:

4.750 inches

Overall Width:

4.250 inches

End Application:

Multifunction workstation 1983608; console, multifunction 1983608-2

Product Name:

Printed circuit assembly interface card

Special Features:

power +5 v porm 5% at 600ma; operating temp range 0 degrees c to +70 degrees c; 100 base fx: 1300mm multimode fiber up to 2000m/6500 ft duplex, 412m/1250 ft half duplex

Functional Description:

Circuit card assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
