Overall Length:

11.620 inches

Overall Height:

18.280 inches

Overall Width:

2.380 inches

End Application:

Used on enterasys matrix n/e-7 series switches/ss6000 chassis

Product Name:

Enterasys matrix distributed forwarding engine platinum module

Special Features:

32mb flash memory, 256mb dram; 24 slot 10/100/1000 base tx/10gb ethernet compliant ports w/rj45 connectors; op temp 5 to 40 degrees c; 400mhz processor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
