End Application:

Node equipment

Product Name:

Hewlett packard (hp) printer power supply

Special Features:

Power module (worldwide/universal) 100-240vac input voltage 50-60hz- 18vdc output voltage; requires separate detachable ac power cord

Functional Description:

Circuit card assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
