End Application:

275649-01 (09xp2) hf tuner

Product Name:

Voltage monitor board

Special Features:

Universal monitor board used with p/n e1920091 designed to provide fast go/no-go status of backplane voltages; can be hardwired inot the chassis avoiding slot card wasting; a window comparitor turns on an led when the monitored voltage falls within two threshold voltages set by the input resistors; the led is turned off when the voltage level either rises above or falls below the desired threshold level

Functional Description:

Alarm board; circuit card assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A511k0
