Major Components:

National instrument (ni) scx1-1124 6 channel isolated dac module serial no.136a190 1

End Application:

Ef-18 hornet; f/a-18 c/d support program

Product Name:

6 channel isolated dac nodule

Special Features:

Drawing no.14692 parts and materials; used on rotary transmission test stand ii (rtts)p/n912822-2-2; case sp-p-gnn; pdli ibio; rsn 001; milstrip pspt54-6305-6002-0gnn; pc iab; tac p098; dated december 2008

Functional Description:

Rtts spain parts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
