**Product Name:**

Reflective memory card

**Special Features:**

128 mb sdram; multi transmission modes; 2.12 gbaud serial connection speed; 450-500 ns latency between nodes; error management and detection; interrupt transfers for any node; multimode fiber support up to 300 m; pci express form factor; up to 170 mb sustained data rate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
