Major Components:

Circuit board 1, latch 4, connector 2, rectifier diode 4, resistor 19, washer 8, screw 4

End Application:

Aircraft, b-1b

Product Name:

A1 circuit card assembly (cca)

Special Features:

Next assembly: 55a930d3, used on: ita, cits dcu, a1 cca

Functional Description:

Ita, central integrated test system data conversion unit, a1 cca

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
