Overall Length:

6.600 inches

Overall Height:

2.731 inches

Product Name:

Circuit card assembly

Special Features:

Processing core: >96, frame buffer memory: 1gb ddr3, memory: 128-bit, memory bandwidth: 25.6gb/s, display connections: dvi-i (1), dp (1), max power consumption: 40w, graphics bus: pci express 2.0 x16, 3d vision pro, support via usb, supported platforms: windows 7, windows vista, windows xp, linux, soraris

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
