Overall Length:

11.000 inches

Overall Height:

1.000 inches

Overall Width:

5.000 inches

Major Components:

2ea 1gig ethernet ports, 1ea esata interface, 1ea rs-232 serial interface, vga interface, 2ea usb ports

End Application:

Nha pn r104985-01 cage 1yrm7 server assembly, image acquisiton processor e/i sensor controller group oa-9499/fsd-3 pn 856600

Features Provided:

Electrostatic sensitive

Product Name:

Circuit card assembly vme rear transition

Special Features:

To 31s-2fsd3-12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
