End Application:

Inductosyn (induct)

Product Name:

Pps converter cc

Special Features:

The pps converter circuit card is a custom pcb developed by ajw-142. The converter card routes serial time data and the pps signal from either a rapco or spectcom gps clock. The time signals are then converted into a ntp time server in the rpp 2u computer. This circuit board resides in the pps enclosure. The pps enclosure is a line replacement unit. These boards will only be replaced by the depot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
