End Application:
Inductosyn (induct)
Product Name:
Pps converter cc
Special Features:
The pps converter circuit card is a custom pcb developed by ajw-142. The converter card routes serial time data and the pps signal from
either a rapco or spectrcom gps clock. The time signals are then converted into a ntp time server in the rpp 2u computer. This circuit board
resides in the pps enclosure. The pps enclosure is a line replacement unti. These boards will only be replaced by the depot
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
