End Application:

Used on universal hub chassis

Features Provided:

Electrostatic sensitive

Product Name:

Evolution xlc-10 line card

Special Features:

Interfaces: satcom: txif: type-f, 950-1700 mhz, +5/-20 dbm power; data interfaces: lan: rj-45; (2) 100/1000base-t, (1) 10/100base-t; rs-232: rj-45 (console connection); modem: (1) modulator (transmit one downstream carrier); downstream dvb-s2/acm

Functional Description:

Transmit-only line card supporting data rates up to 149 mbps for network expansion

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
