Overall Length:

5.866 inches

Overall Width:

2.913 inches

Features Provided:

Electrostatic sensitive

Product Name:

Pmc adapter, dual 4gb/s fibre channel, sfp multimode optics

Special Features:

Pmc 64bit, 133mhz pci-x, backward compatible with pci 33 and 66mhz; (2) sfp ports with link leds; compatible with intel, amd, sparc; deployments: storage area network (san) or just a bunch of disks (jbod); includes (2) multimode optical sfp; high data bandwidth

Functional Description:

Provides embedded system access to data using vme or compactpci standards

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
