**Overall Width:**

7.7 millimeters

**End Application:**

Used on fiber-to-the-desktop networks

**Features Provided:**

Electrostatic sensitive

**Product Name:**

Fast ethernet fiber pci-express network interface card

**Special Features:**

Rohs compliant; operating temperature: 0-50 degrees c; storage temperature: m25-p70 degrees c; relative humidity: 5-90% (non-condensing); specify connector type (lc, sc, st, or mt) when ordering

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
