Overall Width:

7.7 millimeters

End Application:

Used on fiber-to-the-desktop networks

Features Provided:

Electrostatic sensitive

Product Name:

Fast ethernet fiber pci-express network interface card

Special Features:

Rohs compliant; operating temperature: 0-50 degrees c; storage temperature: m25-p70 degrees c; relative humidity: 5-90% (non-condensing); specify connector type (lc, sc, st, or mt) when ordering

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
