End Application:

Used with eaton ups models: 5130, 5px, 9135, evolution, evolution s, ex, mx, mx frame, ex rt

Features Provided:

Electrostatic sensitive

Special Features:

Supply voltage: 5 v +/- 5; supply current w/all relays activated: 150 ma max; supply current w/all relays deactivated: 15ma max; ups slot type: mini-slot; max. Switching power: 40w; max. Contact resistance: 75 mohm;

Functional Description:

Enables automatic shutdown and network monitoring of ups system status through connected computer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
