AeroBase Group

Overall Length:

8.51 inches

Overall Height:

1.59 inches

Overall Width:

5.14 inches

Major Components:

Includes 2 hi-speed usb ports, a dvi-i video connector, a single-core 2.0 ghz intel celeron 575 processor, and a 80 gb serial ata hard drive.

End Application:

Engine, diesel

Product Name:

High-value embedded controller for pxi express

Special Features:

The operating temperature is 5.0 to 50.0 degrees celcius

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
