Overall Length:

2.5 inches

Overall Width:

2.0 inches

End Application:

Portable bridge station

Product Name:

Keyboard encoder special

Special Features:

Operating voltage 5 volts dc +/- 5%; operating current 12ma typical; operating temperature 0to 70 degrees c; pc interface ps/2 caompatible; keyboard interface ps/2 keyboard; i/o header 24 i/o; up to 12 x 12 matri (programmable)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
