Overall Length:
2.5 inches
Overall Width:
2.0 inches
End Application:
Portable bridge station
Product Name:
Keyboard encoder special
Special Features:
Operating voltage 5 volts dc +/- 5%; operating current 12ma typical; operating temperature 0to 70 degrees c; pc interface ps/2
caompatible; keyboard interface ps/2 keyboard; i/o header 24 i/o; up to 12 x 12 matri (programmable)
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A511k0
