Overall Length:

1.375 inches

Overall Diameter:

0.240 inches

Mounting Method:

Force fit

Material:

Plastic acrylonitrile barrel insulation

Precious Material And Location:

External surface gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact and nickel contact

Style Designator:

Crimp type contact

Terminal Type And Quantity:

1 crimp and solder axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
