**Overall Length:**

1.375 inches

**Overall Diameter:**

0.240 inches

**Mounting Method:**

Force fit

**Material:**

Plastic acrylonitrile barrel insulation

**Precious Material And Location:**

External surface gold

**Precious Material And Weight:**

0.005 gold grains, troy

**Precious Material:**

Gold

**Surface Treatment:**

Gold contact and nickel contact

**Style Designator:**

Crimp type contact

**Terminal Type And Quantity:**

1 crimp and solder axially at one end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A222a0
