Overall Diameter:

0.179 inches

Pin Length:

0.203 inches

Current Rating In Amps:

22.0

Mounting Method:

Force fit

Material:

Iron body and contact

Precious Material And Location:

Body and contact silver

Precious Material And Weight:

0.005 silver grains, troy

Precious Material:

Silver

Surface Treatment:

Silver contact

Style Designator:

Pin contact

Terminal Type And Quantity:

1 solder well axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A222a0
