Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

4.250 inches

Overall Width:

2.000 inches

Overall Thickness:

0.875 inches

Contact Quantity:

2

Mounting Configuration:

1/4 in. Diameter center hole for shaft mtg

Structural Design:

Nonpile-up

Contact Item Name Assigned By Government Agency:

Contact arm assembly

Government Agency Controlling Contact:

Vichers electric div

Contact Identifying Number Assigned By Government Agency:

Part no. 15-344-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-d
