**Mounting Facility Quantity:**

1

**Voltage Rating In Volts:**

230.0 dc

**Current Rating In Amps:**

15.0

**Mounting Method:**

Terminal

**Special Features:**

1 solder well terminal

**Material:**

Silver body

**Precious Material And Location:**

Body material silver

**Precious Material:**

Silver

**Fsc Application Data:**

Relay, armature, electrical and electronic equipment component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A222a0
