Voltage Rating In Volts:

440.0 ac

Current Rating In Amps:

27.8

Mounting Method:

Terminal

Special Features:

1 solder well terminal at right opposite point

Material:

Silver body

Precious Material And Location:

Body material silver

Precious Material:

Silver

Fsc Application Data:

Relay, armature, electrical and electronic equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A222a0
