Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

2.625 inches

Overall Width:

0.375 inches

Overall Thickness:

0.813 inches

Contact Form Arrangement:

1a

Mounting Configuration:

2 tapped holes spaced 3/8 in. C to c for no. 6-32 screws

Structural Design:

Pile-up

Special Features:

For rh mtg

Fsc Application Data:

Whistel control, timer, electrical and electronic equipment 8component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-d
