Overall Length:

1.281 inches

Overall Height:

0.188 inches

Overall Width:

0.188 inches

Current Rating In Amps:

7.0

Mounting Method:

Force fit

Material:

Plastic polyamide barrel insulation

Precious Material And Location:

Body and contact surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold body and contact and nickel body and contact

Style Designator:

Post contact

Terminal Type And Quantity:

1 wire wrap axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
