Voltage Rating In Volts:

300.0 ac

Current Rating In Amps:

3.0

Material:

Plastic polyamide body

Surface Treatment:

Nickel contact

Surface Treatment Specification:

Qq-n-290, class2 federal specification single treatment response contact

Terminal Type And Quantity:

1 wire wrap axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
