# **Overall Height:**

Between 0.390 inches and 0.410 inches

# **Overall Diameter:**

Between 0.360 inches and 0.380 inches

# **End Application:**

Lgm-30 minuteman missle, f-16 aircraft, defense support program, b-1b aircraft, uh-60a/uh-60d helicopter, mx peacekeeper missle, f-15 aircraft support equipment, ac-130h, mc-130h, ec-130e, hc-130 aircraft, mx peacekeeper m

# Criticality Code Justification:

Feat

## **Special Features:**

Weapon system essential

#### Material:

Aluminum alloy 6061

#### Material Specification:

Ww-t-700/6 federal specification single material response

#### Surface Treatment:

Anodize

## Surface Treatment Specification:

Mil-8625, type 3 military specification single treatment response

## Shelf Life:

N/a

#### Unit Of Measure:

---

## Demilitarization:

No

# Fiig:

A03600

#### Mil-std (military Standard):

spec.
