Body Material:

Metal or aluminum alloy

Width:

2.031 inches

Length:

3.750 inches

End Application:

Type no. R-108/grc and r-109/grc

Usage Design:

Cap used as detent and drive adjustment across hole cover

Width Across Flats:

0.438 inches

Mounting Method:

One 0.221 in. Diameter mtg hole and one 0.246 in. W by 7/16 in. Lg mtg slot spaced 3 in. C to c

Chain:

Not included

Insert:

Not included

Special Features:

Circular shoulder on back w/groove for O ring gasket

Fsc Application Data:

Cap, electrical, radio receiver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-g
