Overall Length:

5.000 inches

Overall Width:

2.200 inches

Cross-sectional Thickness:

Between 0.016 inches and 0.024 inches

Environmental Protection Material Location:

Throughout rf shielding gasket

Material:

Aluminum alloy emi/rfi conductor

Surface Treatment:

Anodize emi/rfi conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
