Overall Length:

0.600 inches

Overall Width:

0.250 inches

Unthreaded Mounting Hole Diameter:

0.144 inches

Mounting Facility Quantity:

1

Mounting Method:

Unthreaded hole

Material:

Steel body

Material Specification:

Qq-s-640, half hard temper federal specification single material response body

Surface Treatment:

Zinc body

Surface Treatment Specification:

Qq-z-325, type 1, class 1 federal specification single treatment response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A222a0
