Terminal Quantity:

2

Terminal Type:

Solder lug

Overall Length:

1.687 inches

Overall Width:

1.000 inches

Overall Thickness:

0.312 inches

Contact Quantity:

2

Mounting Configuration:

One 0.110 in. Diameter mtg hole located on contact end

Structural Design:

Nonpile-up

Contact Item Name Assigned By Government Agency:

Contact brush

Government Agency Controlling Contact:

Lear inc

Contact Identifying Number Assigned By Government Agency:

Part no. 99034

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-d
