Body Material:

Aluminum alloy

Diameter:

Between 0.510 inches and 0.520 inches

Length:

0.541 inches

Mounting Method:

Compression

Fastening Facility:

Compression

Chain:

Not included

Insert:

Not included

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Surface Treatment:

Anodized, mil-a-8625, type 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-g

Mil-std (military Standard):

Mil-a-8625 spec.
