Overall Length:

0.581 inches

Overall Height:

0.006 inches

Overall Width:

0.156 inches

Unthreaded Mounting Hole Diameter:

Between 0.031 inches and 0.035 inches

Mounting Facility Quantity:

2

Mounting Method:

Unthreaded hole

Material:

Copper alloy 172 body

Material Specification:

Qq-c-533, alloy 172, condition h federal specification single material response body

Precious Material And Location:

Contact surface silver

Precious Material And Weight:

0.005 silver grains, troy

Precious Material:

Silver

Surface Treatment:

Silver contact

Surface Treatment Specification:

Qq-s-365 federal specification single treatment response contact

Terminal Type And Quantity:

1 tab, solder lug end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
