Overall Length:

0.657 inches

Unthreaded Mounting Hole Diameter:

Between 0.099 inches and 0.102 inches

Mounting Facility Quantity:

1

Mounting Method:

Unthreaded hole

Material:

Copper alloy 172 body and contact

Material Specification:

Qq-c-533, 1/2 hard federal specification single material response body and contact

Surface Treatment:

Tin body

Terminal Type And Quantity:

1 eyelet axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A222a0
