Overall Length:
0.657 inches
Unthreaded Mounting Hole Diameter:
Between 0.099 inches and 0.102 inches
Mounting Facility Quantity:
1
Mounting Method:
Unthreaded hole
Material:
Copper alloy 172 body and contact
Material Specification:
Qq-c-533, 1/2 hard federal specification single material response body and contact
Surface Treatment:
Tin body
Terminal Type And Quantity:
1 eyelet axially at one end
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A222a0
