Unthreaded Mounting Hole Diameter:
0.219 inches
Mounting Facility Quantity:
1
Voltage Rating In Volts:
120.0 dc
Current Rating In Amps:
60.0
Mounting Method:
Unthreaded hole
Material:
Molybdenum body and contact
Precious Material And Location:
Extenal surface silver
Precious Material And Weight:
0.100 silver grains, troy
Precious Material:
Silver
Surface Treatment:
Silver contact
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A222a0
