Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

3.500 inches

Overall Width:

1.000 inches

Overall Thickness:

0.156 inches

Contact Quantity:

2

Mounting Configuration:

One 1/8 in. Diameter mtg hole

Structural Design:

Nonpile-up

Contact Item Name Assigned By Government Agency:

Insulated contact finger assembly

Government Agency Controlling Contact:

Ward leonard electric co

Contact Identifying Number Assigned By Government Agency:

26255-71-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-d
