Overall Length:

0.210 inches

Overall Diameter:

Between 0.075 inches and 0.078 inches

Pin Accommodation Length:

0.070 inches

Mating Contact Width:

Between 0.053 inches and 0.057 inches

Mounting Method:

Force fit

Material:

Copper alloy body and contact

Material Specification:

Qq-c-530, cond a federal specification single material response body and contact

Precious Material And Location:

Body and contact surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact

Surface Treatment Specification:

Mil-g-45204, type 2, cl 1 military specification single treatment response contact

Style Designator:

Socket crimp contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0

Mil-std (military Standard):

Mil-g-45204 spec.
