**Overall Length:**

1.037 inches

**Overall Diameter:**

0.218 inches

**Voltage Rating In Volts:**

250.0 ac

**Mounting Method:**

Any acceptable

**Material:**

Plastic polytetrafluoroethylene barrel insulation

**Surface Treatment:**

Gold contact and silver contact

**Style Designator:**

Socket insert contact

**Terminal Type And Quantity:**

1 solder well axially at one end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A222a0
