Overall Length:

1.037 inches

Overall Diameter:

0.218 inches

Voltage Rating In Volts:

250.0 ac

Mounting Method:

Any acceptable

Material:

Plastic polytetrafluoroethylene barrel insulation

Surface Treatment:

Gold contact and silver contact

Style Designator:

Socket insert contact

Terminal Type And Quantity:

1 solder well axially at one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
